PRODUCT DATA AND APPLICATION SHEET

PRODUCT NAME **Surface Socket - ECCO**

PRODUCT CODE SS/CS

DESCRIPTION Single surface socket with mounting plates or fixing nails

BOX QUANTITY 10

OUTER QUANTITY 100

FEATURES

- Single surface socket options;
- Mounting base or fixing nails options;
- Socket has large terminals;
- Terminal bores accommodate 1.0mm to 2.5mm cable;
- Angled terminal screws are backed off – easy access for immediate termination;
- The mounting bases have numerous nail holes and are excellent for cable tie mounting – the sockets clip on to the mounted base easily after wiring;
- The mounting bases are clear to allow for inspection;
- Fixing nail versions have nails pre-fitted for easy installation;
- The single sockets feature numerous side knockouts for surface cable entry.

APPLICATIONS

- This product is ideal for use as a dedicated supply socket for lighting in;
- Situations where false ceiling are used;
- The single sockets are also excellent general-purpose surface sockets for use in cupboard, etc;
- The mounting brackets simplify installation-saving time and money.
